## Work Experience

### Front End Developer

Freelancer.com - Lahore, VA

January 2021 to Present

Hello, I am Muhammad Hammad Khaliq from Pakistan. I am working as a Front-End developer. Design websites according to client requirements and modify designs to meet changes in client's specification. As a front-end web developer, I will produce a number of programming, style sheets, and scripting languages for a website which users can interact directly with.

Currently, I am doing Bachelor's degree in Software Engineering from University of Central Punjab. I am also doing online courses regarding coding and programming languages for web design and development.

Passionate about Front-end development and web design. Believe in hard working like committing myself to challenging task. My main purpose is to fully understand the client's requirement and provide best solutions. I try to keep fully new innovation in market. Hardworking, passion, honesty is my source that helps me to keep doing my work and growing day by day.

My Specialties:

• Talented to design interactive features, using HTML/CSS and JavaScript
• Developing web sites using the latest web standards
• Writing code for your Front-end development
• Maintaining a high quality of work
• Using problem-solving methods
• Making the strategy of a proper plan

With these skills, I can do my best work and bring satisfaction to my clients.

Technical Skills:

• HTML5 for Creating Web pages
• CSS3 for styling page
• JavaScript for more interactive and richer Web User interface
• jQuery for more interactive and richer Web User interface
• Bootstrap for developing responsive and elegant websites
• AJAX for consuming REST Service

- JSON for also consuming REST Services
- Angular for front-end web development
- Adobe photoshop
- Illustrator
- Problem Solving

Additional Skills:

- Working with a solid strategy
- Handling every complex situation
- Well updated
- Time management
- Honest and dedicated

I am pretty sure that you have got clear idea about me and way of my work.

Thank you.
